

NAVYUG SCHOOL, MOTI BAGH

Diwali Celebration

Diwali is a festival of new beginnings and the triumph of good over evil and light over darkness. Special Assembly was conducted online to celebrate Diwali. The assembly began with an invocation of the divine. The students shared positive and inspirational thoughts and poems to bring out the true spirit of this festival. A talk show highlighted the importance of the festival and showed us the glimpses of its celebrations across the country. The students also discussed the initiatives taken by the government to discourage the use of crackers.

With an impressive virtual background, the students ushered in the feel of the festive season which was further heightened by a series of class activities including Tray and diya decorations, Diwali hangings, Rangoli making, Diwali greeting card designing, lantern making etc. The participation of all was full of enthusiasm and left everyone in a festive and joyous mood.
